

Massilly 

North America Inc.

MY 2000 VACUUM STEAM SEALING MACHINE

Massilly capping machines provide superior performance and durability, adding a valuable component to any production line.

The MY 2000 features:

- **Safety:** built-in safety features that prevent injuries
- **Flexibility:** quick set up and change over; adapts to individual production requirements
- **Reliability:** durable stainless steel construction; easily accessible for cleaning and maintenance
- Fast production rate & larger jar height compatibility
- Excellent vacuum and sealing performance

Note: MY 2000 is supplied with a floor cap elevator.

See specifications on back.

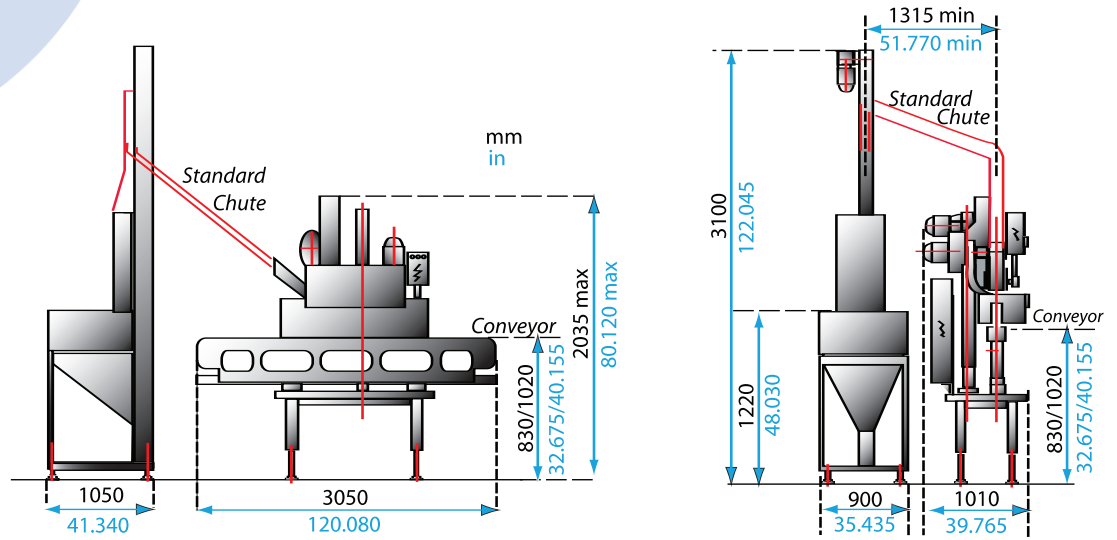

Massilly North America Inc. provides quality sealing equipment and metal twist closures to the food and beverage industry and a variety of other glass packaging manufacturers throughout Canada, the USA, Mexico and South America. Massilly North America Inc. is a member of The Massilly Group, a leading global supplier of closures, food cans, decorative tins, and aerosol cans.
