

SAFE 3002

DUD DETECTOR

The Massilly SAFE 3002 dud detector is an essential component for any high-speed food packaging line. It saves valuable time, prevents spoilage and is easily added to your current manufacturing process.

The SAFE 3002 features:

- **Flexible:** adapts to many production line configurations
- **Reliable:** waterproof stainless steel tripod design; easily accessible for cleaning and maintenance
- **Safe:** built-in safety features that prevent injuries
- Compact footprint for smaller production areas
- Excellent vacuum and sealing performance

Note: See specifications on back.

Massilly North America Inc. provides quality sealing equipment and metal twist closures to the food and beverage industry and a variety of other glass packaging manufacturers throughout Canada, the USA, Mexico and South America. Massilly North America Inc. is a member of The Massilly Group, a leading global supplier of closures, food cans, decorative tins, and aerosol cans.
